HOLIDAY GIFT EXCHANGE (Participation is voluntary)

If you wish to participate in the gift exchange, bring a wrapped gift valued at no more than \$20. You will receive a number when you place your gift on the gift table.

When the exchange begins, the person whose number is called will select a gift and unwrap it. The gift will be shown to everyone present. The next person will have the option of "stealing" the first person's gift or selecting a new gift, unwrapping it and showing it to everyone present. The third person then will have the option of stealing #1's gift, stealing #2's gift or selecting a new gift, unwrapping it, and so forth.

If your gift is stolen, you have the choice of stealing someone else's gift or selecting a new gift to unwrap before the next person gets a turn. You can choose to steal a gift from someone else but you cannot steal the gift that was just stolen from you! You, can, however, steal a gift that was stolen from you if it has been stolen by someone else in the interim.

Gifts can be "stolen" only two times before they are declared dead. Once dead, you own it! Got it? If not, do not despair, the rules will be re-explained before we start the exchange.
