**ASSOCIATION OF  
LEGAL ADMINISTRATORS  
SAN DIEGO CHAPTER**

As the incoming and outgoing Directors of Business Partner Relations, we are happy to provide you with the 2017-2018 Business Partner Directory. This directory lists all of the businesses who are partnering with ALA in our Business Partner Sponsorship Program, and those companies who are exhibited at our Legal Resource Fair.

We encourage all members to go to this Business Partner Directory first whenever you shop for a product or service for your firm. Not only are our Business Partners committed to delivering the highest quality products and services, they are also committed to furthering the goals of ALA San Diego. They do this by making their expertise available to our members, and providing the money the Chapter needs to provide the outstanding educational and networking events and scholarship opportunities we value as members. The Chapter sincerely appreciates the Business Partners' generosity and willingness to provide expert educational resources for its members.

This directory has been created in an electronic format for your convenience. The Business Partners' email and web addresses are linked for easy access. You may also easily find this information by going to the Chapter website at [www.sandiegoala.org](http://www.sandiegoala.org) and clicking on the Business Partners link in the Partnerships tab.

On behalf of the Chapter, we would like to extend our sincere appreciation to all of our Business Partners who contribute greatly to the success of our Chapter and its members. Without your support we would be unable to provide many of the speakers, social events and scholarships that enhance our experiences as members of ALA San Diego. We value your friendship, knowledge and financial support.

Please feel free to contact us should you have any questions regarding our Business Partner Program.

Respectfully,

Katya Adams & Wendy Connor

You can count on Armanino to think strategically, to provide sound insights that lead to positive action. We address not only your compliance issues, but your underlying business challenges — assessing opportunities, weighing risks, and exploring the practical implications of both your short- and long-term decisions. When you work with us, we give you options that are fully aligned with your organization's strategy. If you need to do more with less, we will implement the technology to automate your business processes. If it's financial, we can show you proven benchmarks and best practices that can add value company-wide. If the issue is operational, we'll consult with your people about realigning resources. If it's compliance, we'll ensure you meet the requirements and proactively plan to take full advantage of the changes at hand. We have the experience and the resources to help you uncover that information, interpret it, and use it to your strategic advantage — going beyond insight to timely, practical action.
